 *                    type: integer
 *                example:
 *                  id: 1
 *                  name: James Bond
 *                  year: 2021
 */
server.get('/movies', (req, res) => {
  res.send(movies.getMovies());
});
```

The generated OpenAPI JSON file is available from the local service running at `http://localhost:3001/swagger.json`. This URL is passed to the dredd.yml file, which defines the test run's configuration, as shown in listing 11.17. The YAML file also references the language used, report output, and test endpoint.
