Table of Contents

Chapter 1: Introduction to C Programming

Chapter 2: C Basics

- 2.1 Variables and Data Types
  - Variables
  - Naming Conventions:
  - Data Types
- 2.2 Operators and Expressions
  - Types of Operators:
- 2.3 Input and Output Functions
  - printf Function:
  - scanf Function:
  - Tips for Using scanf :
- Conclusion

Chapter 3: Control Flow in C

- Conditional Statements
- Loops
