

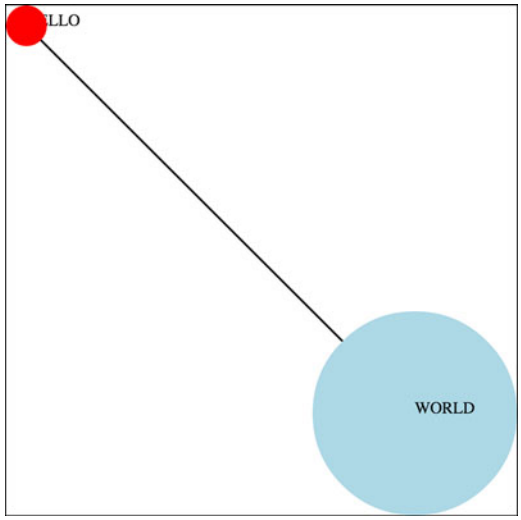

Figure 1.32 The result of running listing 1.10 in the console is the creation of two circles, a line, and two text elements. The order in which these elements are drawn results in the first label covered by the circle drawn later.

Listing 1.11 SVG elements with IDs and transparency

```
d3.select("svg")
  .append("circle")
  .attr("r", 20)
  .attr("cx",20)
  .attr("cy",20)
  .style("fill","red");

d3.select("svg")
  .append("text")
  .attr("id", "a")
  .attr("x",20)
  .attr("y",20)
  .style("opacity", 0)
  .text("HELLO WORLD");

d3.select("svg")
  .append("circle")
  .attr("r", 100)
  .attr("cx",400)
  .attr("cy",400)
  .style("fill","lightblue");

d3.select("svg")
  .append("text")
  .attr("id", "b")
  .attr("x",400)
  .attr("y",400)
  .style("opacity", 0)
  .text("Uh, hi.");
```

Two circles, no line, and no text. Now you make the text appear using the `.transition()` method with the `.delay()` method, and you should have an end state like the one shown in figure 1.33:
