4.3 Complex graphical objects 117
4.4 Line charts and interpolations 124
Drawing a line from points 126 ▪ Drawing many lines with multiple generators 128 ▪ Exploring line interpolators 129
4.5 Complex accessor functions 130
4.6 Summary 138

5 ***Layouts 139***
5.1 Histograms 140
5.2 Pie charts 142
Drawing the pie layout 144 ▪ Creating a ring chart 145 Transitioning 146
5.3 Pack layouts 148
5.4 Trees 152
5.5 Stack layout 158
5.6 Plugins to add new layouts 163
Sankey diagram 163 ▪ Word clouds 169
5.7 Summary 174

6 ***Network visualization 175***
6.1 Static network diagrams 176
Network data 177 ▪ Adjacency matrix 179 Arc diagram 182
6.2 Force-directed layout 185
Creating a force-directed network diagram 186 SVG markers 188 ▪ Network measures 190 Force layout settings 193 ▪ Updating the network 195 Removing and adding nodes and links 197 Manually positioning nodes 201 ▪ Optimization 202
6.3 Summary 203

7 ***Geospatial information visualization 204***
7.1 Basic mapmaking 206
Finding data 206 ▪ Drawing points on a map 212 Projections and areas 213 ▪ Interactivity 215
7.2 Better mapping 216
Graticule 217 ▪ Zoom 217
