We will not deeply analyze every part of the following design and pro-con-fix exercise; we just want to explain our way of thinking about the design process (figure 9.9).

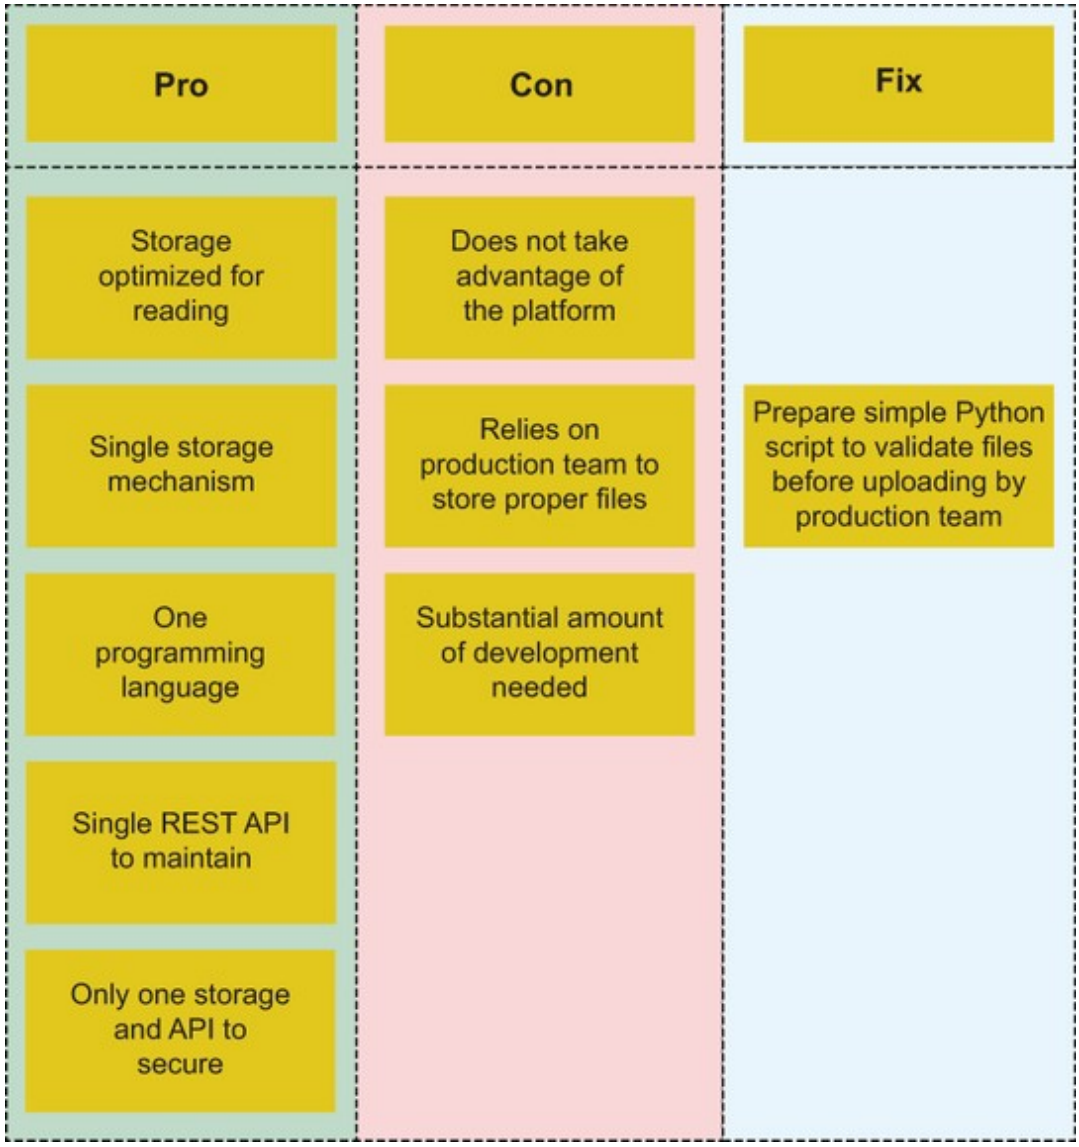

Figure 9.9 Pros, cons, and fixes for design option 2 of the Cost Statement data product

As we look at the pros and cons, we can see one crucial con: “Does not take advantage of the platform.” This is an important con because it breaks the organization rule: “Platform over custom solutions.” In this option, we do
