hierarchy of outcomes 171
implementation-level outcomes 177 – 178
strategic-level outcomes 172 – 176
tactical-level outcomes 176 – 177
setting up MVP governance 69 – 72
defining data governance policies 71 – 72
defining data mesh value statements 70 – 71
federating data governance 72
data governance team 66 – 69
members of 66 – 67
need for 66
selecting 67 – 69
data integrity 175
data inventory 175
data lakehouses 42 – 43
data lakes 41
inside data mesh 9
stream processing and batch processing 279
data leakage prevention policy 175
data lineage 201
Data Management Body of Knowledge 164
data management, defined 164
data maturity 33
data mesh 29, 55
alternatives and complementary solutions 39 – 45
data fabric 43 – 44
data lake 41
data lakehouse 42 – 43
data mesh vs. 44 – 45
enterprise data warehouse 39 – 40
alternatives to 8 – 9
benefits of 10 – 11
from business perspective 10 – 11
from technology perspective 11
challenges of 27 – 28
data management challenges 27 – 28
organizational challenges 28
