7

Productionizing ML on Databricks 175

Deploying the MLOps inner loop 176
Registering a model 176
Collaborative Development 176
Deploying the MLOps Outer Loop 177
Workflows 178
Databricks Asset Bundles 179
Rest API 180
Deploying your model 180
Model Inference 180
Model Serving 181
Applying our learning 182
Technical requirements 183
Project: Favorita Sales Forecasting 183
Project: Streaming Transactions 187
Project: Multilabel Image Classification 197
Project: Retrieval Augmented Generation Chatbot 204
Setting up the evaluation workflow 206
Summary 214
Questions 214
Answers 215
