8.3.3. The abstract syntax tree

8.4. Bending code to your ideas

8.4.1. Can you just eval?

8.4.2. Rewriting the token stream

8.4.3. Using the abstract syntax tree

8.4.4. It’s just JavaScript

8.5. Summary

Chapter 9. Composing the asynchronous

9.1. Data processing

9.1.1. Reading

9.1.2. Sorting

9.1.3. Performance

9.1.4. Decorate, sort, undecorate

9.2. Event loops

9.2.1. Events and blackouts

9.2.2. Infinite time

9.3. Event emitters

9.3.1. User events

9.3.2. Data as events

9.3.3. Using event emitters in Node.js

9.3.4. Events as data

9.4. Event composition

9.4.1. Lazy data handling

9.4.2. Lazy event handling
